Education

ISCTE – Instituto Universitário de Lisboa

Bachelor's Degree in Computer Science and Engineering

Sep. 2023 – Present

Lisbon, Portugal

Certifications

Network Technician Career Path | *Cisco Networking Academy*

March 2026

- Validated expertise in networking fundamentals, IPv4/IPv6 addressing, routing, switching, and troubleshooting.
- 🔗 [Verify credential on Credly](#)

Projects

Multi-Agent Systems Simulator | *Python, Reinforcement Learning*

2025

- Developed a modular simulation engine in **Python** to model autonomous agent strategies using a decoupled architecture separating Environment, Agent, and Simulator.
- Engineered autonomous agents with Reinforcement Learning (Q-Learning) and Genetic Algorithms, featuring a modular architecture to handle environment transitions and reward signals.

IsKahoot Distributed Game | *Java, Multithreading, TCP/IP Sockets*

2025

- Developed a distributed quiz system using a **Client-Server architecture** with custom TCP/IP socket communication.
- Ensured thread safety and prevented race conditions in shared game states through Modified CountdownLatches and advanced synchronization primitives.

Donkey Kong Game Engine | *Java, OOP Principles, File I/O*

2024 – 2025

- Developed a modular game engine using **OOP principles**, implementing a flexible hierarchy with inheritance and decoupled interaction logic between entities.
- Managed game state persistence and dynamic level loading through robust **File I/O** and custom exception handling to ensure system stability.

Experience

Quebramar | *Sales Associate*

July 2025 – Sep. 2025

- Delivered high-quality customer service and personalized recommendations, consistently exceeding individual and store-wide sales targets.
- Responsible for cash management, daily register balancing, and inventory replenishment to maintain store standards and operational efficiency.

Technical Skills

Languages: Java, Python, HTML/CSS, Javascript, Kotlin, SQL

Tools & Technologies: GitHub, Docker, Outsystems, Junit, Maven

Concepts: Multithreading, OOP, Distributed Systems, Artificial Intelligence, Reinforcement Learning, VLANs & Subnetting, Routing Protocols

Soft Skills

Interpersonal: Effective Communication, Teamwork

Problem-Solving: Critical Thinking, Analytical Mindset, Adaptability

Organization: Time Management, Goal-Oriented, Attention to Detail

Languages

Portuguese: Native

English: Fluent (C1/C2)
